Auction Rooms for the sale of Literary Property,
191, *Piccadilly.*

Messrs. PUTTICK AND SIMPSON in addressing Executors and other entrusted with the disposal of Libraries, and collections (however limited or extensive,) of Manuscripts, Autographs, Prints, Pictures, Music, Musical Instruments, objects of Art and Vertu, and Works connected with Literature, and the Arts generally, would suggest a sale by Auction as the readiest and surest method of obtaining their full value; and they flatter themselves that the central situation of their premises, (near St. James's Church), their extensive connexion of more than half a century's standing, and the careful circulation of their Catalogues in all parts of the country, and, when necessary, throughout Europe and America, are advantages that are not to be unappreciated. Messrs. P. & S. will also receive small parcels of Books or other Literary Property, and insert them in occasional sales with property of a kindred description, thus giving the same advantages to the possessor of a few Lots as to the owner of a large Collection.

*** Libraries Catalogued, Arranged, and Valued for the Probate of Legacy Duty, or for Public or Private Sale.

190 DODENES. CHARTULARY OF THE PRIORY OF DODENES OR DUDENASCH, A. D. 1200 to 1506, CONSISTING OF ONE HUNDRED AND FIFTY-SIX DOCUMENTS, *in the highest state of preservation, most carefully inlaid, and beautifully bound by Mackenzie, in citron morocco, dentelle borders, gilt edges, enclosed in a deal case* large 4to.

To enable the binding in a compact volume, the seals have been removed, but they are carefully drawn upon the page in exact facsimile; the ORIGINAL SEALS, each in a separate box, and the whole enclosed in a mahogany case, will accompany the lot.

Also a MANUSCRIPT CATALOGUE, consisting of Copies, or Abstracts of the originals, accompanied with illustrative Memoranda (in the hand of Mr. J. H. Burn) forming a folio volume, *half morocco*

The first charter in this volume is one of ADA DE TONI, a Norman Baron, who died about the year 1200, who grants lands situate in Bercholte (Bergholt), and the last document is a Warrant of Attorney of Thomas Fyncham, dated March 25, 21 Hen. VII. (A.D. 1506), the Priory being suppressed by Cardinal Wolsey in or about 1524. There is also the Papal Bull of Honorius the Third, confirming to the Prior and Canons of Dodenes, the Church of Sterstone, the lands of Fauteham [Falkenham, Colneis Hund.] and the Church there, with its appurtenances, dated 16 Feb. anno 16 pontif. (A.D. Jan. 17, 1218), *with the leaden Bulla attached.*

Of the whole number of one hundred and fifty-six, comprising the volume, ONE HUNDRED AND THIRTEEN ARE BEFORE THE YEAR 1300. Of the value and interest of such a Collection it is needless to speak. It would seem that Dugdale knew but little of the History of the Priory, his account being exceedingly brief.

The preservation is, as before remarked, most complete, and the general arrangement of the volume may be offered as a pattern of taste and skill in its production, that has not been excelled in any similar collection that has come under our notice.

the County, so as to be preserved intact for the gratification of the historian and antiquary, and as a monument of the zeal and energy of the compiler.
